Athene Club Meets

The fortnightly meeting of the Athene club was held yesterday, the session being particularly interesting. The program to be rendered was the following: "Invasion of the Sarcasms," Mrs. T. L. Brown; "Conquest of Granada," Mrs. F. P. McCloskey; "Ferdinand and Isabella," Mrs. R. O. Stilwell; "The Cid," Miss Ethel Brown.

Pichard

Delphine Pichard, 14 years, 11 months and 26 days old, daughter of Louis and Flora Pichard, of 211 Luella avenue, died at the home of her parents at 12:15 o'clock Friday afternoon of typhoid fever and pneumonia. The funeral will be held from the home on Sunday afternoon at 1:30 o'clock. Interment will be in the Highland cemetery at California. Besides the parents, two brothers at home, Alfred and Ira, and three brothers and four sisters, married survive. The girl was well known and popular.

Barger's New Store

G. T. Barger, who has been located for some time at 327 Fallowfield, has found his trade growing and increasing until it becomes necessary to secure more commodious quarters, and when A. H. Furlong vacated 415 Fallowfield Mr. Barger was not long in securing this centrally located room.

The lines carried by this popular tea store are all kinds of choice teas, coffees, extracts, soap and soap powders, baking powder, canned goods and other lines. The friends of the store are invited to call and inspect the new quarters.

PLAN BETTERMENT OF CIVIC CONDITIONS

Constitution Adopted by Male Adult Federated Classes.

The constitution and by-laws of the Federation of Adult Bible Classes of the Charleroi District which were recently prepared by a special committee, consisting of Dr. H. J. Repman, James G. Pentz, and Joseph Kenyon have been accepted by the Federation and have been put into effect. On Sunday afternoon President J. J. Heffran will announce his appointments of committees, and from that time on it is expected the federation will be a big factor in the improvement of civic conditions in Charleroi.

The object of the federation as outlined in the constitution is to increase the enrollment of men in the Adult Bible Classes so that the influence may be used to interest others, young and old in Bible study, church membership, personal and civic betterment. The membership consists of all members of all male Adult Bible classes in the Charleroi district, and all who are officially associated with Sunday school work.

The officers of the federation are president, vice president, secretary, assistant secretary and treasurer.

According to the constitution there shall be five committees, membership, social, entertainment, devotional and civic. The civic committee will have the most important work. Its purpose will be to "devise means of eliminating vice and promoting the social betterment and the elevation of our fellow man in his civic life." The devotional committee will be for the purpose of the betterment of class plans and to plan methods of soul-winning. The membership committee will have charge of the work of securing new members, and the social and entertainment will provide suitable entertainment for the meetings of the federation.

The meetings of the federation are to be monthly, at various evangelical churches of the district, or at the call of the president, or at such other times as may be necessary. Officers are elected in November. The committees are appointed semi annually in May and in November. The President fills all vacancies in the official bodies.

PLEASED WITH TALENT OF CHARLEROI BOY

A. F. Nail, who is at Monessen this week directing the Monessen Cadets in their production of "The Drummer Boy of Shiloh," informed Capt. Dale Jolliffe last night that he was to appear at the Bijou Theatre in Pittsburgh and stated his intention if possible of securing Joe Franks, the talented boy of Charleroi who took the part of the Drummer Boy when the show was produced here, as the Drummer Boy, when the play was produced at Pittsburgh. Mr. Nail paid "Joe" a high compliment when he stated that he was the best "Drummer Boy" with whom he had ever worked.

CALIFORNIA GIRLS AT COYLE TONIGHT

Miss Helen Russell, the dainty comedienne and clever leading lady with the California Girls Big Burlesque company which appears at the Coyle Theatre tonight, met with a very laughable experience while playing in Detroit, Mich. She with some of the other girls of the California Girls went out to St. Clair Flats on a fishing excursion. Miss Russell, who weighs about 165 pounds, was sitting on the break-water catching her fish, and laying them on the platform. After she had caught about fifty fish of different species she started to string them on the break-water, not noticing that the waves were rising. Finally seeing a big wave headed directly for her and hers, she was at a loss how to act, but being undecided she threw herself full length upon the fish, and let the waves dash over her. Next day this heading appeared in the Detroit Free Press, "She Saved Her Fish."

PUT TO WORK AND WALKS FROM JAIL

Prisoner from Charleroi Did Not Like Idea of Court House Work.

Stephen Nelson of Charleroi values his freedom more than he does the thought of work and a jail sentence, and accordingly is free. He was supposed to serve three months in the county jail on a charge of conducting a disorderly house on Fallowfield avenue, Charleroi, pleading guilty one day this week and being sentenced. Nelson did not look like such a bad sort of a fellow, and was given a job outside as a trusty—that is something to do around the court house to keep time from wearing heavy on his hands. Nelson wasn't under supervision, evidently, and yesterday when left alone for a short while at his position, took a notion to sneak, and vanished. His absence was soon discovered, and Sheriff Murphy tried to get on his trail, but failed. He telephoned to Charleroi, and Chief Albright and his men made a search last night, but without results. It is thought the man went in the direction of Wheeling.

LAND COMPANY OFFERS TWO VALUABLE SITES

The plot of ground offered the borough of Monessen by the East Side Land company for a playground at Tenth street, as announced in yesterday's issue of the Mail contains six and one-half acres. The Land company has offered to deed the property to the borough if the latter will improve it and put it in condition. The Sixth street lot, also offered by the East Side Land company, contains about one acre, enough to make a nice playground.

ANDREWS DIES THIS MORNING

Chairman of State Republican Committee Succumbs to Pneumonia.

WAS ILL A LONG TIME

Colonel Wesley R. Andrews, chairman of the Pennsylvania Republican State Committee, after a prolonged illness died at Washington, D. C., this morning at 8:18 o'clock. Septic pneumonia is given as the cause of death by attending physician. Col. Andrews was 74 years old.

He had been ill for some weeks, but it was not at first thought seriously. Later, however, there were critical developments, and on Thursday evening of this week he suffered a pulmonary hemorrhage, and yesterday morning there was a recurrence of the trouble. These hemorrhages weakened him very much, and septic pneumonia developed last night.

The news of Col. Andrews' death was telegraphed to the Mail by Congressman J. K. Tener. Mr. Andrews was born at Sugar Grove, Warren county. He has served a few years as State chairman, and was the private secretary for Senator Boies Penrose. His capacity for work was little less than remarkable, considering his advanced age.

In this State and in Washington, Col. Andrews was popular. While a politician his methods were such as to gain the good will and esteem of all, including his political opponents. He is credited with having accomplished much good within the Republican party, and reforms that have been made since the capital graft affair, have been largely due to his efforts.

What arrangements have been made for the funeral have not been made public, but it is supposed the body will be brought back to his home in Philadelphia for interment.

WEST PENN PLANS TO ENTER DONORA

Corps of Surveyors There the Past Week Looking Over the Ground.

The presence of a corps of engineers of the West Penn Electric Railway company at Donora leads to the belief that the down river town will soon be connected by trolley with a proposed extension by that company. The proposed line, it is thought, will come from West Newton to Monessen, and down the river on that side to Webster, and will cross to Donora on the new joint county bridge. It is stated that the West Penn People are making preparations to extend their system to take in the Monongahela river towns.

Some time ago, the Donora council, disgusted with the action of the Pittsburgh Railways company in delaying connections of the franchise held in the town with the Pittsburgh line, communicated with the West Penn people, asking for an extension into Donora. At the time the West Penn company did not have river plans, which have since been developed. It is further stated that the Donora people, through council, are favorable to making liberal concessions to the company to come into the town and give them outside connections.

Col. W. R. Andrews

In the death of Col. W. R. Andrews, Republican chairman of the State committee, the Commonwealth loses a valued and useful citizen. Not only is his death a serious blow to the Republican organization of the State, but the interests of political reform and civic advancement have sustained an equal loss.

As State chairman of the Republican organization since the capital scandal, the climax of a long period of party misrule, Col. Andrews had charge of the detail work that has effected reforms within the party until now our State administration ranks among the best in the union. Col. Andrews belonged to that type of Republicans who did not believe it necessary to go outside the ranks to effect a purification of administration, and in this he received the support of the people. As head of the party organization his wide acquaintance and intimate knowledge of civic and political conditions in every part of the State was brought into requisition, and gradually the baser elements were eliminated and reforms effected until today the administration stands without indictment of any charge of party misrule.

In his work of redeeming the party from the stain put upon by the misrule of the few, Col. Andrews labored hard and assiduously. While the details of his work will probably never be known to the public, the general results are apparent, and these will stand as a living monument to his memory.

State Should Build Roads

The Good Roads, Bulletin is the name of a new publication that has appeared, which as its name indicates is devoted to the interests of good roads in Pennsylvania. One of the issues it advocates is a system of improved market roads, connecting the important centers in every county which should be built and maintained by the State.

Such eminent authority on good roads as Senator Wm. C. Spraul, Master of State Grange, W. T. Creasy, State Highway Commissioner J. W. Hunter, J. H. Weeks and others are of the opinion that this can be done with an expenditure of \$50,000,000. The point is made that New York State, with a big State debt and about two-thirds the road mileage as Pennsylvania, has issued bonds for this amount for the construction of roads, and there is no reason why this State, with no debt, cannot do the same or even better. All parties are appealed to in behalf of a bond issue by the State for road construction, and every partisan is urged to work for such measures at Harrisburg at the next session of the Legislature. The State can easily expend a million dollars in every county in the Commonwealth for road building, and there is no reason why

a bond issue should not be provided for that purpose.

Borough Should Help

After setting the pace in the public playground movement, Charleroi should not allow herself to be distanced by any of our neighboring towns. Some of these are planning to go into the movement on a more elaborate scale and are asking municipal aid for the purpose. There is no reason why Charleroi should not do likewise.

One of the towns that has planned an extensive movement in this direction is Monessen. The council there will be asked for \$6,000 to provide the first equipment for playground parks, and for an annual appropriation of \$1,500 and \$1,000 for maintenance and improvements respectively. It does not follow that these appropriations will be made, but they should be, as no public expenditure would be more profitable to both taxpayers and citizens generally. There is no reason why Charleroi should not do something in this line also. Both the council and the school board can give some financial aid in this movement, which is entirely within their province. Those interested should make the request at the proper time in order that the means may be provided.

A PRECOCIOUS DOG.

The Wonderful Feats He Performed For Joseph Jefferson.

There is a story that is told of Joseph Jefferson and the boys that had to do with the training of dogs. It appears that there was a gentleman in New Iberia who owned a very intelligent animal, and he was most anxious for Mr. Jefferson to see an example of his prowess. Accordingly he brought him to the island one day and put him through his various tricks, which were remarkably clever.

When the performance was over Mr. Jefferson expressed his appreciation and wonder at what the dog had done but added that he had an animal that was even more remarkable. As the gentleman seemed to be in some doubt as to the truth of this statement the dog, a dejected, stupid looking beast was produced, and Mr. Jefferson ordered him to go into his room and bring him a shoe.

Obviously the dog trotted into the house to presently reappear with his shoe in his mouth. Taking it from him, Mr. Jefferson patted him upon the head and told him to return to his room and bring him the slipper for his left foot.

"And, mind you, bring the left one," he cautioned as the animal trotted away.

When he returned in a moment with the left slipper the gentleman could hardly express his astonishment, but Mr. Jefferson waved the matter indifferently aside.

"It is nothing," said he. "However we will now try something a little more difficult." Then, turning to the dog, he spoke to him very slowly and carefully. "Now go into the library," said he, "look upon the bottom shelf on the right hand side of the room and you will see a set of Dickens. Bring me the second volume. Remember now, the second volume; not the first or the third, but the second."

When the dog returned in a few moments with the second volume in his mouth the gentleman retired in the utmost confusion, declaring that in comparison with such a prodigy his own much vaunted animal was little better than an imbecile.

And I may add that Mr. Jefferson enjoyed the joke fully as much as did the boys, who, according to a prearranged plan, had placed each successive article in the prodigy's mouth. As to the prodigy, his one accomplishment consisted of trotting into the house and trotting out of it again.—Nevill G. Henshaw in Bohemian.

having at enormous pains got her length breadth and thickness about right, the woman heaved a sigh of relief. "No fourth dimension in mine, if you please!" she exclaimed, with unmistakable feeling.

Precedent.

"Will that young man ever go home?" demanded the irritated head of the house.

"I guess so, father," replied the matter-familias. "He always has gone."—Washington Herald.

A Good Guess.

"Does your father know you smoke, little boy?" asked the inquisitive stranger.

"I guess not," replied the bad boy. "He doesn't lock up his cigars."—Detroit Free Press.

Recollect that fellow who stirred up Sharon a year or so ago, and incidentally got Pittsburg all excited? That was "Billy" Sunday. Remember the fellow who always did what some people didn't want him to do about two years ago? That was Roosevelt.

Know the fellow who wears a big smile and sits on somebody's stomach nowadays? That's Taft. Put them all together, and they would make about as good a trio as it would be possible to find.

Seventy-five years ago people ate whatever came their way and were called hardy. Nowadays we have to have all our food sterilized and put through enough other processes to make it lose all its best flavor, before we eat it. WAR CLOUD FORMED AT TOLEDO CONFERENCE

A strike of 250,000 miners of the bituminous fields will take place on April 1, unless some compromise to obviate the extreme measures is decided upon by the operators and mine workers who closed their joint conference at Toledo yesterday with the big question of wage scale undecided and not even discussed except informally.

The delegates were unable to effect an organization because the miners refused to act without the admittance of the miners from the Illinois field, who, they claim, are in the competitive field, into the convention. This was denied by the operators because the Illinois operators were not represented and they did not deem it fair to these men to take any action which would affect the Illinois field.

The meeting adjourned sine die.

YOUNG ELCO GIRL

ARRESTED CHARGED WITH INFANTICIDE

Photograph Secured from Man Gives Detective Mc-Cleary Clue.

May Little, 18 years old of Elco, is held on a charge of concealing the birth and causing the death of her infant child, the body of which was found by Mrs. Mary Simon on the rear of her property yesterday. The girl admitted being the mother of the child, which she claims was born on Saturday and not disposed of until Monday. Coroner J. T. Heffran was notified and summoning Dr. H. J. Repman of Charleroi an autopsy was held. A blood clot as though caused by a blow was found on the brain of the child, a well developed boy, and on this evidence the girl was held for court. She will be removed to the county jail as soon as she is able to make the journey. Later the girl made information against Wm. McNelson, a young man, of that community, and he was arrested.

Miss Edna McDonald of Uniontown is spending a few days in Charleroi the guest of friends.

BLACKSMITHS OF

VALLEY ORGANIZE PROTECTIVE UNION

Price of New Shoes is Raised From 45 Cents to 50 Cents.

A scale adopted by the blacksmiths of this section at a union formed at a meeting in Monongahela, on January 29, went into effect yesterday. The union is composed of blacksmiths of the towns between Brownsville and Finleyville and was formed for the purpose of maintaining a uniform rate for work and to insure protection. M. W. Cheesebrough of Monessen was elected president, E. L. Neff of Monongahela corresponding secretary, M. Seng of Monongahela recording secretary and I. N. Kibler of Charleroi treasurer. There are three members of the union in Charleroi, representing the principal shops, I. N. Kibler, Samuel Claybaugh and William Smith.

Practically the only change of the price in Charleroi is for new shoes, the rate being advanced from 45 cents to 50 cents.

Mrs. Jessie Fanner is spending the day in Pittsburg with friends.

RAPID STRIDES OF THE BELL COMPANY

Secures Many New Subscribers Within the Past Year.

Notwithstanding the growth and apparent competition of independent lines Washington county is essentially the home of the Bell Telephone. While Charleroi is classed in a river district embracing part of three counties, including Brownsville, California, Fayette City, Belle Vernon, Donora, Monessen and Monongahela, the town is an important link in the Bell system that either penetrates directly or connects with other lines into every nook and crannie of Washington county. In the county proper there are a total of 4,850 Bell 'phones, divided as follows: Avela, 35 stations; Burgettstown, 213; California, 57; Canonsburg, 644; Charleroi, 410; Claysville, 7; Donora, 228; Finleyville, 33; McDonald, 96; Monongahela City, 569; Washington, 2,558.

In addition a number of country lines have joined the Bell family and have direct connections with this system. Among them are the following local lines: Beallsville Telephone Co., with 54 subscribers; Bentleyville Telephone Co., 56; Buffalo Telephone Co., 75; Burgettstown Farmers Telephone Co., 43; Centerville Telephone Co., 85; Farmers' Mutual Telephone Co., of Washington County, 735; Hickory and Woodrow Telephone Co., 69; Independence Farmers Mutual Telephone Co., 33; Jefferson County Telephone Co., 40; Murray Telephone Co., 212; Midway Mutual Telephone Co., 61; Murdockville Independent Telephone Co., 88; Old Concord and Prosperity Telephone Co., 56; Jos. W. Shidler, 300; D. W. Smith et al., 1; Taylorstown Farmers Telephone Co., 42; West Middletown Farmers Mutual Telephone Co., 22. The Taylorstown line is not yet in full operation, although it is practically completed.

Subscriber to the Bell service have many advantages. Every one can obtain the daily forecast and special warnings of the Weather Bureau of the United States Department of Agriculture by calling the chief operator of their respective exchanges after 11:45 a. m. These forecasts usually cover the 36-hour period ending at 8 p. m. of the following day. They can also be connected by telephone to offices of the telegraph companies for the purpose of sending telegrams. The Bell Telephone system has now passed the 5,000,000 mark in the number of 'phones owned, and has connections everywhere on the North American continent.

WOMEN'S WOES

Charleroi Women Are Finding Relief at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. William Stopp, 214 Second Street, Charleroi, Pa., says: "I have used Doan's Kidney Pills off and on for five years and consider them to be unequalled for kidney disease. I suffered for some time backache and was also subject to headaches and dizzy spells. The kidney secretions were scanty and often contained a sediment. Doan's Kidney Pills were finally brought to my attention and procuring a box at Piper Bros. Drug Store, I began their use. They benefited me greatly and I have since kept a supply on hand."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for the free testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

MASSAGE HINTS

How to Secure the Best Results From this Most Difficult Art

For every woman who understands the true principles of massage—its underlying secrets of proper manipulation—there are fifty who less informed, either do their complexions little good or else actual harm. This is because the delicate skin tissue of the face, neck and shoulders may be easily ruined by rough and unscientific rubbing or seemingly good effects may be secured by means that speedily react, leaving the skin in a worse condition than before the amateur massaging was undertaken.

Every woman who values her complexion should use Crown Cream for this work because it is not only the best massage cream known, but it has marked beneficial qualities in itself. Its best effects can be secured, however, when used in connection with the Harlan Beauty Cup, which is an ingenious device for the securing of perfect massage by a mild vacuum process. The combination never fails, because in addition to the refreshing, cleansing and healing action of the Crown Cream, the Beauty Cup acts directly upon the pores, pumping out their impurities and also upon the cellular tissue and minute net work of blood vessels immediately beneath the skin. It quickly rounds out the cheeks, arms and neck by bringing fresh, healthful blood to the wasted places.

Crown Cream retails everywhere at 50c a jar, which is also the price of the Beauty Cup. They may be had from all dealers, or will be sent prepaid by the Harlan Mfg. Co., Toledo, O., on receipt of price. Hennings' Drug Store, Fifth and McKean, Charleroi, Pa.

MILLIONS OF LIVES LOST

An Awful Toll Collected by Consumption. Many Unnecessary Deaths from this Disease

If people could only understand that systemic catarrh is an internal disease, that external applications cannot cure, they would not need to be warned so often about this malady, which when neglected, paves the way often times for consumption at the cost of millions of lives every year. Yet catarrh may be cured, if the right treatment is employed.

Catarrh is caused by a general diseased state of the system which leads commonly to annoying and perhaps serious local conditions, which may prove a fertile breeding ground for germs of consumption. External remedies give but temporary ease.

The only way to successfully treat catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucous membrane or internal lining of the body is toned up and made capable of resisting the infection of consumption and other diseases.

We have a remedy prepared from the prescription of a physician who for thirty years studied and made catarrh a specialty, and whose record was a patient restored to health in every case where his treatment was followed as prescribed. That remedy is Rexall Mucu-Tone. We are so positive that it will completely overcome catarrh in all its various forms, whether acute or chronic, that we promise to return every penny, paid us for the medicine in every case where it fails or for any reason does not satisfy the user.

We want you to try Rexall Mucu-Tone on our recommendation and guarantee. We are right here where you live, and you do not contract any obligation or risk when you try Rexall Mucu-Tone on our guarantee. We have Rexall Mucu-Tone in two sizes, 50 cents and \$1.00. Very often the taking of one 50 cent bottle is sufficient to make a marked impression upon the case. Of course in chronic cases a longer treatment is necessary. The average in such instances is three \$1.00 bottles. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. John W. Carroll.

WRECK TRAIN SIGNALS CHARGED BY COMPANY

A change in the code of whistle signals for calling the wrecking force has been inaugurated by the Pennsylvania on several divisions. When a slight wreck occurs two second blasts, repeated four times at 6-second intervals, are given. Heavy wreck calls for four 2-second blasts, repeated four times at 6-second intervals. The new arrangement is of much advantage to men on the wrecking crew, as they can tell whether the accident is trifling or serious.

HARRY F. LOWSTUTTER'S OLD STAND

Dr. Wm. E. Barker Makes a Re- markable Statement After Traveling from the Atlan- tic to the Pacific

As he secured some of the most notable indorsements to his theory, he does not hesitate in saying that he will positively guarantee bloodline to cure stone in the bladder of any kidney or bladder trouble, no matter how long you have been suffering. Ninety-seven per cent of the entire population of the United States are afflicted with kidney or bladder trouble. In the last seven years bloodline has cured 96 per cent of the cases that have been treated with it.

Hundreds of cases of hemorrhage of the bladder have been cured after treatment in some of the leading hospitals have failed to even relieve the patient. We are therefore confident that our theory of treating these cases with bloodline, is the only possible manner in which such a large percentage of cases can be cured that we do not hesitate to guarantee the efficiency of bloodline.

Mr. Hanson, the business manager of the Postal Telegraph and Cable Co., of Biddeford, Maine, had a stone in the bladder removed with six and one-half bottles bloodline, after being told by all of the leading physicians in his vicinity that the only way it could possibly be removed was by an operation. We stand ready to furnish positive proof of the above statement to any one doubting the truth of the same.

More than five million bottles of bloodline were sold in America last year. Can there be any greater evidence of merit than this unparalleled sale of a scientific product? No other product has ever met with such astounding sales in so short a period and from a conservative estimate the sales this year will reach ten million bottles. 2880 bottles were sold in a single day's sales in Cleveland, Ohio; 2160 bottles were sold in Rochester, N. Y., at the first day's introductory sale, and 1400 bottles in Patterson, N. J., in one day. No scientific treatment has ever attained such success in America. We are now supplying druggists with bloodline, for the convenience of those wishing to convince themselves of its merits. If your druggist does not have it, The Bloodline Laboratories, Boston, Mass., will supply you with a six week's treatment, six bottles, for \$2.50; 50c a bottle, trial sample and booklet 10c.

Athene Club Meets

The fortnightly meeting of the Athene club was held yesterday, the session being particularly interesting. The program to be rendered was the following: "Invasion of the Sarcasms," Mrs. T. L. Brown; "Conquest of Granada," Mrs. F. P. McCloskey; "Ferdinand and Isabella," Mrs. E. O. Stillwell; "The Old," Miss Ethel Brown.

Pickard

Delphine Pickard, 14 years, 11 months and 26 days old, daughter of Louis and Flora Pickard, of 211 Luella avenue, died at the home of her parents at 12:15 o'clock Friday afternoon of typhoid fever and pneumonia. The funeral will be held from the home on Sunday afternoon at 1:30 o'clock. Interment will be in the Highland cemetery at California. Besides the parents, two brothers at home, Alfred and Ira, and three brothers and four sisters, married survive. The girl was well known and popular.

Barger's New Store

G. T. Barger, who has been located for some time at 327 Fallowfield, has found his trade growing and increasing until it becomes necessary to secure more commodious quarters, and when A. H. Furlong vacated 415 Fallowfield Mr. Barger was not long in securing this centrally located room.

The lines carried by this popular tea store are all kinds of choice teas, coffees, extracts, soap and soap powders, baking powder, canned goods and other lines. The friends of the store are invited to call and inspect the new quarters.

PLAN BETTERMENT OF CIVIC CONDITIONS

Constitution Adopted by Male

Adult Federated
Classes.

The constitution and by-laws of the Federation of Adult Bible Classes of the Charleroi District which were recently prepared by a special committee, consisting of Dr. H. J. Repman, James G. Pentz, and Joseph Kenyon have been accepted by the Federation and have been put into effect. On Sunday afternoon President J. J. Herten will announce his appointments of committees, and from that time on it is expected the federation will be a big factor in the improvement of civic conditions in Charleroi.

The object of the federation as outlined in the constitution is to increase the enrollment of men in the Adult Bible Classes so that the influence may be used to interest others, young and old in Bible study, church membership, personal and civic betterment. The membership consists of all members of all male Adult Bible classes in the Charleroi district, and all who are officially associated with Sunday school work.

The officers of the federation are president, vice president, secretary, assistant secretary and treasurer.

According to the constitution there shall be five committees, membership, social, entertainment, devotional and civic. The civic committee will have the most important work. Its purpose will be to "devise means of eliminating vice and promoting the social betterment and the elevation of our fellow man in his civic life." The devotional committee will be for the purpose of the betterment of class plans and to plan methods of soul-winning. The membership committee will have charge of the work of securing new members, and the social and entertainment will provide suitable entertainment for the meetings of the federation.

The meetings of the federation are to be monthly, at various evangelical churches of the district, or at the call of the president, or at such other times as may be necessary. Officers are elected in November. The committees are appointed semi annually in May and in November. The President fills all vacancies in the official bodies.

PLEASED WITH TALENT OF CHARLEROI BOY

A. F. Nail, who is at Monessen this week direction the Monessen Cadets in their production of "The Drummer Boy of Shiloh," informed Capt. Dale Jolliffe last night that he was to appear at the Bijou Theatre in Pittsburg and stated his intention if possible of securing Joe Franks, the talented boy of Charleroi who took the part of the Drummer Boy when the show was produced here, as the Drummer Boy, when the play was produced at Pittsburg. Mr. Nail paid "Joe" a high compliment when he stated that he was the best "Drummer Boy" with whom he had ever worked.

CALIFORNIA GIRLS AT COYLE TONIGHT

Miss Helen Russell, the dainty comedienne and clever leading lady with the California Girls Big Burlesque company which appears at the Coyle Theatre tonight, met with a very laughable experience while playing in Detroit, Mich. She with some of the other girls of the California Girls went out to St. Clair Flats on a fishing excursion. Miss Russell, who weighs about 165 pounds, was sitting on the break-water catching her fish, and laying them on the platform. After she had caught about fifty fish of different species she started to string them on the break-water, not noticing that the waves were rising. Finally seeing a big wave headed directly for her and hers, she was at a loss how to act, but being undecided she threw herself full length upon the fish, and let the waves dash over her. Next day this heading appeared in the Detroit Free Press, "She Saved Her Fish."

PUT TO WORK AND WALKS FROM JAIL

Prisoner from Charleroi Did
Not Like Idea of Court
House Work.

Stephen Nelson of Charleroi values his freedom more than he does the thought of work and a jail sentence, and accordingly is free. He was supposed to serve three months in the county jail on a charge of conducting a disorderly house on Fallowfield avenue, Charleroi, pleading guilty one day this week and being sentenced. Nelson did not look like such a bad sort of a fellow, and was given a job outside as a trusty—that is something to do around the court house to keep time from wearing heavy on his hands. Nelson wasn't under supervision, evidently, and yesterday when left alone for a short while at his position, took a notion to sneak, and vanished. His absence was soon discovered, and Sheriff Murphy tried to get on his trail, but failed. He telephoned to Charleroi, and Chief Albright and his men made a search last night, but without results. It is thought the man went in the direction of Wheeling.

LAND COMPANY OFFERS TWO VALUABLE SITES

The plot of ground offered the borough of Monessen by the East Side Land company for a playground at Tenth street, as announced in yesterday's issue of the Mail contains six and one-half acres. The Land company has offered to deed the property to the borough if the latter will improve it and put it in condition. The Sixth street lot, also offered by the East Side Land company, contains about one acre, enough to make a nice playground.

ANDREWS DIES THIS MORNING

Chairman of State Republican Committee Succumbs
to Pneumonia.

WAS ILL A LONG TIME

Colonel Wesley R. Andrews, chairman of the Pennsylvania Republican State Committee, after a prolonged illness died at Washington, D. C., this morning at 8:18 o'clock. Septic pneumonia is given as the cause of death by attending physician. Col. Andrews was 74 years old.

He had been ill for some weeks, but it was not at first thought seriously. Later, however, there were critical developments, and on Thursday evening of this week he suffered a pulmonary hemorrhage, and yesterday morning there was a recurrence of the trouble. These hemorrhages weakened him very much, and septic pneumonia developed last night.

The news of Col. Andrews' death was telegraphed to the Mail by Congressman J. K. Tener. Mr. Andrews was born at Sugar Grove, Warren county. He has served a few years as State chairman, and was the private secretary for Senator Boies Penrose. His capacity for work was little less than remarkable, considering his advanced age.

In this State and in Washington, Col. Andrews was popular. While a politician his methods were such as to gain the good will and esteem of all, including his political opponents. He is credited with having accomplished much good within the Republican party, and reforms that have been made since the capital graft affair, have been largely due to his efforts.

What arrangements have been made for the funeral have not yet been made public, but it is supposed the body will be brought back to his home in Philadelphia for interment.

WEST PENN. PLANS TO ENTER DONORA.

Corps of Surveyors There the
Past Week Looking Over
the Ground.

The presence of a corps of engineers of the West Penn Electric Railway company at Donora leads to the belief that the down river town will soon be connected by trolley with a proposed extension by that company. The proposed line, it is thought, will come from West Newton to Monessen, and down the river on that side to Webster, and will cross to Donora on the new joint county bridge. It is stated that the West Penn People are making preparations to extend their system to take in the Monongahela river towns.

Some time ago, the Donora council, disgusted with the action of the Pittsburg Railways company in delaying connections of the franchise held in the town with the Pittsburg line, communicated with the West Penn people, asking for an extension into Donora. At the time the West Penn company did not have river plans, which have since been developed. It is further stated that the Donora people, through council, are favorable to making liberal concessions to the company to come into the town and give them outside connections.

Col. W. R. Andrews

In the death of Col. W. R. Andrews, Republican chairman of the State committee, the Commonwealth loses a valued and useful citizen. Not only is his death a serious blow to the Republican organization of the State, but the interests of political reform and civic advancement have sustained an equal loss.

As State chairman of the Republican organization since the capitol scandal, the climax of a long period of party misrule, Col. Andrews had charge of the detail work that has effected reforms within the party until now our State administration ranks among the best in the union. Col. Andrews belonged to that type of Republicans who did not believe it necessary to go outside the ranks to effect a purification of administration, and in this he received the support of the people. As head of the party organization his wide acquaintance and intimate knowledge of civic and political conditions in every part of the State was brought into requisition, and gradually the baser elements were eliminated and reforms effected until today the administration stands without indictment of any charge of party misrule.

In his work of redeeming the party from the stain put upon by the misrule of the few, Col. Andrews labored hard and assiduously. While the details of his work will probably never be known to the public, the general results are apparent, and these will stand as a living monument to his memory.

State Should Build Roads

The Good Roads, Bulletin is the name of a new publication that has appeared, which as its name indicates is devoted to the interests of good roads in Pennsylvania. One of the issues it advocates is a system of improved market roads, connecting the important centers in every county which should be built and maintained by the State.

Such eminent authority on good roads as Senator Wm. C. Sproul, Master of State Grange, W. T. Greasy, State Highway Commissioner J. W. Hunter, J. H. Weeks and others are of the opinion that this can be done with an expenditure of \$50,000,000. The point is made that New York State, with a big State debt and about two-thirds the road mileage as Pennsylvania, has issued bonds for this amount for the construction of roads, and there is no reason why this State, with no debt, cannot do the same or even better. All parties are appealed to in behalf of a bond issue by the State for road construction, and every partisan is urged to work for such measures at Harrisburg at the next session of the Legislature. The State can easily expend a million dollars in every county in the Commonwealth for road building, and there is no reason why

a bond issue should not be provided for that purpose.

Borough Should Help

After setting the pace in the playground movement, Charleroi should not allow herself to be distanced by any of our neighboring towns. Some of these are planning to go into the movement on a more elaborate scale and are asking municipal aid for the purpose. There is no reason why Charleroi should not do likewise.

One of the towns that has planned an extensive movement in this direction is Monessen. The council there will be asked for \$6,000 to provide the first equipment for playground parks, and for an annual appropriation of \$1,500 and \$1,000 for maintenance and improvements respectively. It does not follow that these appropriations will be made, but they should be, as no public expenditure would be more profitable to both taxpayers and citizens generally. There is no reason why Charleroi should not do something in this line also. Both the council and the school board can give some financial aid in this movement, which is entirely within their province. Those interested should make the request at the proper time in order that the means may be provided.

A PRECOCIOUS DOG.

The Wonderful Feats He Performed For Joseph Jefferson.

There is a story that is told of Joseph Jefferson and the boys that had to do with the training of dogs. It appears that there was a gentleman in New Iberia who owned a very intelligent animal, and he was most anxious for Mr. Jefferson to see an example of his prowess. Accordingly he brought him to the island one day and put him through his various tricks, which were remarkably clever.

When the performance was over Mr. Jefferson expressed his appreciation and wonder at what the dog had done, but added that he had an animal that was even more remarkable. As the gentleman seemed to be in some doubt as to the truth of this statement the dog, a dejected, stupid looking beast was produced, and Mr. Jefferson ordered him to go into his room and bring him a shoe.

Obediently the dog trotted into the house to presently reappear with the shoe in his mouth. Taking it from him, Mr. Jefferson patted him upon the head and told him to return to his room and bring him the slipper for his left foot.

"And, mind you, bring the left one."

be cautioned as the animal trotted away.

When he returned in a moment with the left slipper the gentleman could hardly express his astonishment, but Mr. Jefferson waved the matter indifferently aside.

"It is nothing," said he. "However we will now try something a little more difficult." Then, turning to the dog, he spoke to him very slowly and carefully. "Now go into the library," said he, "look upon the bottom shelf on the right hand side of the room and you will see a set of Dickens. Bring me the second volume. Remember, now, the second volume; not the first or the third, but the second."

When the dog returned in a few moments with the second volume in his mouth the gentleman retired in the utmost confusion, declaring that in comparison with such a prodigy his own much vaunted animal was little better than an imbecile.

And I may add that Mr. Jefferson enjoyed the joke fully as much as did the boys, who, according to a prearranged plan, had placed each successive article in the prodigy's mouth. As to the prodigy, his one accomplishment consisted of trotting into the house and trotting out of it again.—Nevill G. Henshaw in Bohemian.

Having at enormous pains got her length, breadth and thickness about right, the woman heaved a sigh of relief. "No fourth dimension in mine, if you please!" she exclaimed, with unmistakable feeling.

Precedent.

"Will that young man ever go home?" demanded the irritated head of the house.

"I guess so, father," replied the matterfamiliar. "He always has gone."—Washington Herald.

A Good Guess.

"Does your father know you smoke, little boy?" asked the inquisitive stranger.

"I guess not," replied the bad boy. "He doesn't look up his cigars."—Detroit Free Press.

Meat Study No. 9.

Old King Cole was a hungry old soul—
Oh, a hungry old soul was he!
He called for some steak and a bit of roast beef

And he ordered lamb cutlets three:
But oh, when the butcher sent him the bill
Old King Cole became terribly ill:

To some people's notions it's a great deal more disgraceful to loose your coat tails in an accident, than it is to have your whole face chewed up.

Seeing T. P. O'Connor's name in print so much makes one wonder just who he is after all, and where he comes from.

A boy who stole bread in Virginia was actually discharged by the court when he was arraigned. Is there anybody to howl Standard Oil graft?

Some people who are rightly fed, and think they are in a position to judge others, say that we don't know how to cook. That may be true, but we surely have got the art of not eating too much down pat.

A great many men who refuse to believe the weather forecasters under oaths would be willing to stake their lives that the groundhog knows his business.

The most ticklish part of the Belle Vernon bridge case is yet to come, that of the examination of experts. They are the men who know.

The fellow who abstains from eating meat these days may have the feeling of hunger, but he also has a consciousness of being virtuous.

With the Senators and Representatives both to probe the high prices on food products, there is certainly bound to be something learned.

Christian Science has failed ignominiously in keeping a man from believing he was mad. As a result of the inability of the spirits to work at the proper time he jumped in the river and drowned in spite of the fact that they would have made him believe that he was an inveterate liar.

Dr. Wiley wants to have eggs sold by the pound instead of the dozen. Inasmuch as you buy undersized eggs at the same price per dozen that you purchase full grown ones, it wouldn't be a bad idea.

Press dispatches from the African interior are to the effect that Kermit Roosevelt is a better shot than his dad. If that's the case it is time to quit publishing cartoons of the older Roosevelt as a mighty hunter, in favor of the younger generation.

The Monongahela valley people take about as much interest in the settlement of the mine wage scale as they did in the Presidential election.

Farmers say they don't make much out of the meat business. We don't doubt their word a bit. But don't let any of these other fellows make such a statement.

Recollect that fellow who stirred up Sharon a year or so ago, and incidentally got Pittsburg all excited. That was "Billy" Sunday. Remember the fellow who always did what some people didn't want him to do about two years ago? That was Roosevelt. Know the fellow who wears a big smile and sits on somebody's stomach nowadays? That's Taft. Put them all together, and they would make about as good a trio as it would be possible to find.

Seventy-five years ago people ate whatever came their way and were called hardy. Nowadays we have to have all our food sterilized and put through enough other processes to make it lose all its best flavor, before we eat it. And now some fellow has the nerve to say we are becoming a nation of weaklings.

WAR CLOUD FORMED AT TOLEDO CONFERENCE

A strike of 250,000 miners of the bituminous fields will take place on April 1, unless some compromise to obviate the extreme measures is decided upon by the operators and mine workers who closed their joint conference at Toledo yesterday with the big question of wage scale undecided and not even discussed except informally.

The delegates were unable to effect an organization because the miners refused to act without the admittance of the miners from the Illinois field, who, they claim, are in the competitive field, into the convention. This was denied by the operators because the Illinois operators were not represented and they did not deem it fair to these men to take any action which would affect the Illinois field.

The meeting adjourned sine die.

YOUNG ELCO GIRL

ARRESTED CHARGED WITH INFANTICIDE

Photograph Secured from Man Gives Detective McCleary Clue.

May Little, 18 years old of Elco, is held on a charge of concealing the birth and causing the death of her infant child, the body of which was found by Mrs. Mary Simon on the rear of her property yesterday. The girl admitted being the mother of the child, which she claims was born on Saturday and not disposed of until Monday. Coroner J. T. Heffran was notified and summoning Dr. H. J. Repman of Charleroi an autopsy was held. A blood clot as though caused by a blow was found on the brain of the child, a well developed boy, and on this evidence the girl was held for court. She will be removed to the county jail as soon as she is able to make the journey. Later the girl made information against Wm. McNelson, a young man, of that community, and he was arrested.

Miss Edna McDonald of Uniontown is spending a few days in Charleroi the guest of friends.

BLACKSMITHS OF

VALLEY ORGANIZE PROTECTIVE UNION

Price of New Shoes is Raised From 45 Cents to 50 Cents.

A scale adopted by the blacksmiths of this section at a union formed at a meeting in Monongahela, on January 29, went into effect yesterday. The union is composed of blacksmiths of the towns between Brownsville and Finleyville and was formed for the purpose of maintaining a uniform rate for work and to insure protection. M. W. Cheesebrough of Monessen was elected president, E. L. Neff of Monongahela corresponding secretary, M. Seng of Monongahela recording secretary and I. N. Kibler of Charleroi treasurer. There are three members of the union in Charleroi, representing the principal shops, I. N. Kibler, Samuel Claybaugh and William Smith.

Practically the only change of the price in Charleroi is for new shoes, the rate being advanced from 45 cents to 50 cents.

Mrs. Jessie Fonner is spending the day in Pittsburgh with friends.

RAPID STRIDES OF THE BELL COMPANY

Secures Many New Subscribers Within the Past Year.

Notwithstanding the growth and apparent competition of independent lines Washington county is essentially the home of the Bell Telephone. While Charleroi is classed in a river district embracing part of three counties, including Brownsville, California, Fayette City, Belle Vernon, Donora, Monessen and Monongahela, the town is an important link in the Bell system that either penetrates directly or connects with other lines into every nook and cranny of Washington county. In the county proper there are a total of 4,850 Bell 'phones, divided as follows: Avela, 35 stations; Burgettstown, 213; California, 57; Canonsburg, 644; Charleroi, 410; Claysville, 7; Donora, 228; Finleyville, 33; McDonald, 96; Monongahela City, 563; Washington, 2,558.

In addition a number of country lines have joined the Bell family and have direct connections with this system. Among them are the following local lines: Beallsville Telephone Co., with 54 subscribers; Bentleyville Telephone Co., 56; Buffalo Telephone Co., 75; Burgettstown Farmers Telephone Co., 48; Centerville Telephone Co., 35; Farmers' Mutual Telephone Co., of Washington County, 735; Hickory and Woodrow Telephone Co., 69; Independence Farmers Mutual Telephone Co., 33; Jefferson County Telephone Co., 40; Murray Telephone Co., 212; Midway Mutual Telephone Co., 61; Murdockville Independent Telephone Co., 88; Old Concord and Prosperity Telephone Co., 56; Jos. W. Shidler, 300; D. W. Smith et al., 31; Taylorstown Farmers Telephone Co., 42; West Middletown Farmers Mutual Telephone Co., 22. The Taylorstown line is not yet in full operation, although it is practically completed.

Subscribers to the Bell service have many advantages. Every one can obtain the daily forecast and special warnings of the Weather Bureau of the United States Department of Agriculture by calling the chief operator of their respective exchanges after 11:45 a. m. These forecasts usually cover the 36-hour period ending at 8 p. m. of the following day. They can also be connected by telephone to offices of the telegraph companies for the purpose of sending telegrams. The Bell Telephone system has now passed the 5,000,000 mark in the number of 'phones owned, and has connections everywhere on the North American continent.

WOMEN'S WOES

Charleroi Women Are Finding Relief at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. William Stopp, 214 Second street, Charleroi, Pa., says: "I have used Doan's Kidney Pills off and on for five years and consider them to be unequalled for kidney disease. I suffered for some time backache and was also subject to headaches and dizzy spells. The kidney secretions were scanty and often contained a sediment. Doan's Kidney Pills were finally brought to my attention and procuring a box at Piper Bros.' Drug Store, I began their use. They benefited me greatly and I have since kept a supply on hand."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages. That disease is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acts directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

MASSAGE HINTS

How to Secure the Best Results From this Most Difficult Art

For every woman who understands the true principles of massage—its underlying secrets of proper manipulation—there are fifty who less informed, either do their complexions little good or else actual harm. This is because the delicate skin tissue of the face, neck and shoulders may be easily ruined by rough and unscientific rubbing or seemingly good effects may be secured by means that speedily react, leaving the skin in a worse condition than before the amateur massaging was undertaken.

Every woman who values her complexion should use Crown Cream for this work because it is not only the best massage cream known, but it has marked beneficial qualities in itself. Its best effects can be secured, however, when used in connection with the Harlan Beauty Cup, which is an ingenious device for the securing of perfect massage by a mild vacuum process. The combination never fails, because in addition to the refreshing, cleansing and healing action of the Crown Cream, the Beauty Cup acts directly upon the pores, pumping out their impurities and also upon the cellular tissue and minute net work of blood vessels immediately beneath the skin. It quickly rounds out the cheeks, arms and neck by bringing fresh, healthful blood to the wasted places.

Crown Cream retails everywhere at 50c a jar, which is also the price of the Beauty Cup. They may be had from all dealers, or will be sent prepaid by the Harlan Mfg. Co., Toledo, O., on receipt of price. Hennings' Drug Store, Fifth and McKean, Charleroi, Pa.

MILLIONS OF LIVES LOST

An Awful Toll Collected by Consumption. Many Unnecessary Deaths from this Disease

If people could only understand that systemic catarrh is an internal disease, that external applications cannot cure, they would not need to be warned so often about this malady, which when neglected, paves the way often times for consumption at the cost of millions of lives every year. Yet catarrh may be cured, if the right treatment is employed.

Catarrh is caused by a general diseased state of the system which leads commonly to annoying and perhaps serious local conditions, which may prove a fertile breeding ground for germs of consumption. External remedies give but temporary ease.

The only way to successfully treat catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucous membrane or internal lining of the body is toned up and made capable of resisting the infection of consumption and other diseases.

We have a remedy prepared from the prescription of a physician who for thirty years studied and made catarrh a specialty, and whose record was a patient restored to health in every case where his treatment was followed as prescribed. That remedy is Rexall Mucu-Tone. We are so positive that it will completely overcome catarrh in all its various forms, whether acute or chronic, that we promise to return every penny paid us for the medicine in every case where it fails or for any reason does not satisfy the user.

We want you to try Rexall Mucu-Tone on our recommendation and guarantee. We are right here where you live, and you do not contract any obligation or risk when you try Rexall Mucu-Tone on our guarantee. We have Rexall Mucu-Tone in two sizes, 50 cents and \$1.00. Very often the taking of one 50 cent bottle is sufficient to make a marked impression upon the case. Of course in chronic cases a longer treatment is necessary. The average in such instances is three \$1.00 bottles. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. John W. Carroll.

WRECK TRAIN SIGNALS CHARGED BY COMPANY

A change in the code of whistle signals for calling the wrecking force has been inaugurated by the Pennsylvania on several divisions. When a slight wreck occurs two second blasts, repeated four times at 6-second intervals, are given. Heavy wreck calls for four 2-second blasts, repeated four times at 6-second intervals. The new arrangement is of much advantage to men on the wrecking crew, as they can tell whether the accident is trifling or serious.

HARRY F. LOWSTUTTER'S OLD STAND

Dr. Wm. E. Barker Makes a Remarkable Statement After Traveling from the Atlantic to the Pacific

As he secured some of the most notable indorsements to his theory, he does not hesitate in saying that he will positively guarantee bloodine to cure stone in the bladder of any kidney or bladder trouble, no matter how long you have been suffering. Ninety-seven per cent of the entire population of the United States are afflicted with kidney or bladder trouble. In the last seven years bloodine has cured 96 per cent of the cases that have been treated with it.

Hundreds of cases of hemorrhage of the bladder have been cured after treatment in some of the leading hospitals have failed to even relieve the patient. We are therefore confident that our theory of treating these cases with bloodine, is the only possible manner in which such a large percentage of cases can be cured that we do not hesitate to guarantee the efficiency of bloodine.

Mr. Hanson, the business manager of the Postal Telegraph and Cable Co., of Biddeford, Maine, had a stone in the bladder removed with six and one-half bottles bloodine, after being told by all of the leading physicians in his vicinity that the only way it could possible be removed was by an operation. We stand ready to furnish positive proof of the above statement to any one doubting the truth of the same.

More than five million bottles of bloodine were sold in America last year. Can there be any greater evidence of merit than this unparalleled sale of a scientific product? No other product has ever met with such astounding sales in so short a period and from a conservative estimate the sales this year will reach ten million bottles. 2380 bottles were sold in a single day's sales in Cleveland, Ohio; 2160 bottles were sold in Rochester, N. Y., at the first day's introductory sale, and 1400 bottles in Patterson, N. J., in one day. No scientific treatment has ever attained such success in America. We are now supplying druggists with bloodine, for the convenience of those wishing to convince themselves of its merits. If your druggist does not have it, The Bloodine Laboratories, Boston, Mass., will supply you with a six week's treatment, six bottles, for \$2.50; 50c a bottle, trial sample and booklet 10c.
